Career Objective

19 year old Computing Science student at the University of Technology Sydney, majoring in Quantum Information Science seeking industry opportunities allowing me to work on practical projects with real-world applications. This will allow me to deepen my professional capabilities and apply the advanced technical skillset, problem-solving ability, and communication skills that I've developed over five years of tertiary study.

Work Experience

Research Assistant 12/25 – 02/26
ARC Centre of Excellence in Quantum Biotechnology (QUBIC)

- Developed a Clinician-Ready GUI for a Quantum Mid-Infrared Diagnostic Spectrometer, presented the project in front of QUBIC senior staff and fellow academics at the project's conclusion in Sydney

Research Assistant 02/25 – 03/25
Sydney Quantum Academy

- Designed and programmed an improved Quantum Circuit Transformation (QCT) algorithm for Neutral Atom Quantum Computers in Python, developed an optimal approach for use in ongoing research

Education

Bachelor of Computing Science (Honours) 02/23 – 11/26
University of Technology Sydney

- High Distinction average (WAM 94.17, GPA 6.91)
 - Majoring in Quantum Information Science
 - Submajor in Innovation and Entrepreneurship

Diploma in Innovation 07/23 – 11/26
University of Technology Sydney

- High Distinction average (WAM 88.75, GPA 7.00)

Diploma in Information Technology 10/21 – 10/22
University of New England

- High Distinction average (WAM 95.42, GPA 7.00)

Technical Skills

Software Development
proficiency in C++, Java, HTML, CSS, Python, JavaScript and SQL

Awards

CSIRO Next Gen 02/25
Graduates Program
Honours Scholarship

UTS Dean's List 2024-25

100%:

- Theory of Computing Science
- Data Structures and Algorithms
- Computing Science Studio 2
- Database Fundamentals
- Methods in Quantum Computing

Societies

- Co-Founder and Secretary of the Quantum@UTS Student Society
- UTS Programmers' Society, Robotics Society and Puzzle Society Member
- Mensa Member

Referee

Prof. Michael Bremner

Director of the UTS Centre for Quantum Software and Information
